COLLECTOR'S PRELIMINARY GRADING OF CONTENT

1. Since about 19 April 1952 AAA emplacements have been observed in the suburbs of Budapest. On Rozsa Hill three Beaufort (sic) cannon, 50 mm, and 80 mm., are posted near the villa of former Premier Zoltán Tildy; the enlisted men of this battery are quartered in 12 tents, while the officers are in three near-by villas. There are other AAA outposts on the Vienna highway near kilometer 6 opposite the Obuda cemetery, and above the barracks at the junction of the Budapest-Balaton and Budapest-Budaörs roads. By night three beacons are to be observed on the Vienna highway directed toward Pilisvörösvár (H 43).
2. Excavation work is in progress in Hármashatárhegy, possibly for an underground command post.
3. AAA outposts are being built in the eastern suburbs of Pest. It is not clear yet whether these installations are permanent or only temporary.
4. Civilian air-raid drills continue uninterruptedly.
